Website: *http://www.albertoserrano.com.es*
LinkedIn: *http://es.linkedin.com/in/albertosm*

Purposes

- Find a decent employment to properly develop my educational and professional skills.
- Excellence in performance, need for new challenges and knowledge.
- High interest in computer systems, technology and telecommunications related activities.

Academic Education

2000 - 2004 I.E.S. "Torreón del Alcázar" – Ciudad Real

▶ Graduate ESO – LOGSE.

2004 - 2006 I.E.S. "Torreón del Alcázar" – Ciudad Real

▶ Baccalaureate in Science and Technology.

2006 Escuela Oficial de Idiomas – Ciudad Real

▶ B1 CEFR English Degree.

2007 Escuela Oficial de Idiomas – Ciudad Real

▶ Advanced English Course.

2009 UCLM – Escuela Superior de Informática – Ciudad Real

▶ Cisco Certified Network Associate – CCNA Exploration: Network Fundamentals.

2006 - 2010 UCLM – Escuela Superior de Informática – Ciudad Real

▶ Technical Engineering in Computer Systems.

Experience

Solutions Analyst N1
July 2013 – Present
Everis Spain, S.L.U.

Activities: Analysis, design and development of online web pages under ASP.NET framework. Analysis, design and development of online CICS transactions, COBOL-DB2 batch programs and JCL processes under mainframe IBM z/OS environment. Analysis, design and development of JSP web pages under J2EE environment.
Tools/Knowledge: ASP.NET Framework, C#, JavaScript, CSS, Java, JSP, J2EE, EJB, IBM Rational

Software Architect, Microsoft SQL Server, Microsoft Visual Studio, Microsoft Visual SourceSafe, COBOL, CICS, IBM DB2, JCL, Functional Knowledge in Health Insurance.

Solutions Assistant N1
February 2012 – July 2013 (1 Year, 5 months)
Everis Spain, S.L.U.

Activities: Development of COBOL-IDMS online/batch applications, JCL processes and online CICS COBOL-DB2 transactions under mainframe IBM z/OS environment. Development of web pages under J2EE environment.
Tools/Knowledge: COBOL, IDMS/IDMS-ADS, IBM DB2, CICS, JCL, Apache Struts, Java, Functional Knowledge in Life Insurance.

Junior Programmer
Abril 211 – Febrero 2012 (11 Months)
Everis Spain, S.L.U.

Activitites: Development of online/batch COBOL-IDMS applications and JCL processes under Host/Mainframe IBM zOS. Development of JCL processes for BATCH. Development of documentation printing modules using FormsPath/DocPath API.
Tools/Knowledge: COBOL, IDMS/IDMS-ADS, JCL, DocPath, Conocimiento Funcional en Seguros de Vida

Analyst Programmer
September 2010 – April 2011 (8 Months)
Ibermática, S.A.

Activities: NACAR (UML) flow design for bank architecture.
Tools/Knowledge: IBM Rational Software Architect, UML, JavaScript, Visual Nacar, HTML, XML, XSL, JSP, Functional Knowledge in Banking Processes.

Qualifications

▶ European Driving License

Capacities / Personal Skills

▶ Strong communication skills.
▶ Wide knowledge in telecommunications and computer systems.
▶ Open minded and great skills in teamwork.
▶ Geographic availability.

Technical Knowledge

▸ Programming Languages: Java, JavaScript, COBOL, C, C++, C#, Python, Ada, MATLAB, SQL, Jflex, Visual Basic, ASP.NET (.NET Framework), Ruby, Perl
▸ Data Bases: Oracle, SQL Server, MySQL, DB2, IDMS, Microsoft Access
▸ Hardware (Design Languages): VHDL, SystemC
▸ Installation, repair and maintenance of microcomputer equipment and servers.
▸ Networking: TCP/IP Model, OSI Model, Sockets, Routers
▸ Office/Editing Software: Latex, Microsoft Office Suite, OpenOffice.org, Pages, Numbers, Keynote
▸ Web: HTML, XML, XSL, PHP, CSS, JavaScript, Flash, Kentico CMS for ASP.NET
▸ Software Design: IBM Rational Software Architect, UML
▸ Operting Systems: Linux, Unix, Microsoft Windows, Mac OS, zOS, iOS, Android
▸ Integrated Development Enviroments: Eclipse, Netbeans, Microsoft Visual Studio, IDLE Python, GNU Emacs
▸ Advanced level in production and multimedia apps.
